The Puerto Rico Recycling Partnership proudly invites you to the first installment of its Sustainability Speaker Series:

The Importance of Source Reduction Through Organics Recycling

presented by
Angel Arroyo-Rodríguez

Wednesday, September 26, 2012 • 6:30PM – 8:30PM

La Princesa Bldg, #2 Paseo la Princesa, Old San Juan, PR 00902

Angel Arroyo-Rodríguez is an Environmental & Sustainability Planner for the Ohio Environmental Protection Agency. He has extensive experience in solid waste and sustainable materials management, and will speak on the importance of reducing waste at the source. His expertise encompasses sustainability planning, policy development, evaluating the beneficial uses of by-products, diverting food scraps and organic waste, composting, and energy recovery.
