The Drug Enforcement Administration (DEA) has scheduled another National Prescription Drug Take-Back Day which will take place on Saturday, April 27, 2013, from 10:00 a.m. to 2:00 p.m. This is a great opportunity for those who missed the previous events, or who have subsequently accumulated unwanted, unused prescription drugs, to safely dispose of those medications.

In the five previous Take-Back events, DEA in conjunction with our state, local, and tribal law enforcement partners have collected more than 2 million pounds (1,018 tons) of prescription medications were removed
